

REMARKS:

On reviewing the application, it was noted that the application as filed contains a clerical error and refers to the provisional patent application as being filed in 2003 which is incorrect. As noted on the filing certificate and the front page of the corresponding PCT application, the provisional patent application was filed July 26, 2002.

In view of the foregoing, further and more favorable consideration is respectfully requested.

Respectfully submitted
Steven Jones et al.
